STATEHOOD OUTLOOK

Henderson's Opposition is Withdrawn.

PROSPECT BRIGHTER

Has Been Actuated by Politics but Promises Aid in Future.

Speaker Henderson has withdrawn his opposition to the consideration of the bill granting Statehood to Oklahoma, New Mexico and Arizona. His capitulation came after a lively session with Chairman Knox of the Committee on Territories and Delegates Flynn, Rody and Smith.

The speaker, when the Delegates asked for a day for the consideration, stated that he had opposed it and held a conference with the leaders of the House early in the session at which it had been agreed that there should be no Statehood legislation at this session. He believed, he said that the Territories, if admitted would be Democratic and that his opposition had been based upon political reasons.

Delegate Rody protested against that action. He said it was unfair for the Speaker to hold a star-chamber session and decide upon the rights of the people and reject their claims without a hearing. Mr. Knox added that the members of the Committee on Territories had been opposed to the bills but had been converted by the arguments presented by the Statehood advocates. Rody and Flynn asserted that Oklahoma and New Mexico were assuredly Republican as Iowa, and if the Republican Congress passed the Statehood act there would be no question or these Territories coming in Republican.

The discussion which opened with some heat on the part of the speaker took a good natured turn and finally Mr. Henderson agreed to fix a day for the consideration of the measures. He also indicated that he would not offer any further opposition to the passage of the bill. The Delegates from the Territories are encouraged by their victory, and claim that the bill will pass the House without serious opposition.

The advocates of Statehood, however realize that getting the bill through the House is only a small part of the work to be done. The real difficulty will be in getting the Senate to act favorably. Of this there is very little hope during this Congress.

The Commercial Club had quite an interesting meeting last night. The question of public roads was taken up and discussed. It is one of the most important questions that concerns our business men now. Some of the roads that come in here are in such a deplorable condition, that the farmers can not travel over them with an empty wagon, and in places they mire down, and it takes 2 or 3 good teams to pull out a small load. Now if we want the trade we must take this question up and help the farmers in every way possible to reach our town, and by a united effort we can soon have good roads all over the country. Every business man in our town should join the Commercial Club at once and by us all working together we can accomplish great good. Join the Commercial Club. Messrs Carroll, Richey and Perry were appointed a committee to secure a telegraph and express office near the center of town. It was on motion ordered the committee have power to arrange for a Commercial club hall, to be given on the evening of April 22. But owing to the absence of so many anticipates being out of town at that time the date may be changed. The committee to arrange for the hall are Messrs Shaw, King, Pfaff, Livesay and Glitsch with Misses Perry and Reid as auxiliaries.

INDIAN BILL PASSED.

Territory will be Divided into 28 Counties.

LANDS HELD IN TRUST

United States to be Trustee for all Minor Indians.

Washington, D. C. April 7. — The Indians appropriation bill was passed by the Senate Saturday. Not in many years has the bill been passed so smoothly as it was passed this time under the guidance of Chairman Stewart.

Senator Quarles has introduced a bill to divide the Indian Territory into twenty eight counties. The measure provides for an attorney-general for the territory, and is along the lines of the Soper bill but much opposition is developing against it by the home rule people, who believe that the legislature that is provided by the Moon bill will be the proper authority for fixing the boundaries of the counties. A bill has been introduced making the United States the trustee for all the Indians allottees between the ages of eighteen and twenty-one years, a conveyance to be made at the end of the trust period. An employee of the Indian service who accepts benefit of reward for aiding or securing a lease or allotment is to be dismissed from the service.

Could Not Breathe.

Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace, J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family." W. H. Smith & Son, druggists.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Nacomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. W. H. Smith & Son, druggists.
